

Memory Wall

The COVID-19 pandemic will be remembered in many different ways.

It can be said that we all experienced the same storm at sea, but in different ships.

While a severe storm is enough to cause concern for everyone in its path, it affects us all differently. Maybe your journey through the pandemic was relatively smooth. Perhaps you used some extra time to start a new hobby, finish some projects, or even improve some relationships at home. Maybe your journey was difficult. The loneliness or forced togetherness may have felt like too much to bear at times. Perhaps your journey was tragic. You may have lost a job, or experienced grief from the loss of a close loved one. As we emerge from the storm, it is time to start sharing our stories. As we learn about what our parish family has experienced, we will have the opportunity to connect, relate, grieve together, and rejoice together. Jesus brings meaning to our sufferings, and celebrates our joys. Our Gospel values unite us with a sense of faith and community as we unpack our individual pandemic experiences.

Please visit our Memory wall before or after Mass, located in the gathering Area.
