

"Bringing Community Together"

September 29-30, 2023

As our large fundraiser and community outreach event, SonFest profits this year will continue to our long-term vision of community outreach and expanding and enriching our programs. In addition, We will donate 10% of SonFest profits in thanksgiving to Agape Dental Ministry that provides free dental care to the underserved residents of Mecklenburg County as well as military veterans and their spouses regardless of income or residency.

As a result, we are always looking for sponsors and partners to make this possible!

Please take a look at the back of this card on options for how you can be involved as a SonFest partner!

Please fill out the box that corresponds with your choice of partnership!
